A leader in Canada's Telecommunications and IT services  
\$13.3 billion annual revenue - 14 million customers - 53,630 employees

We give where we live.

since 2000

TELUS and Team Members

"Bringing a world of possibilities to our customers  
and the best of TELUS to the connected world."

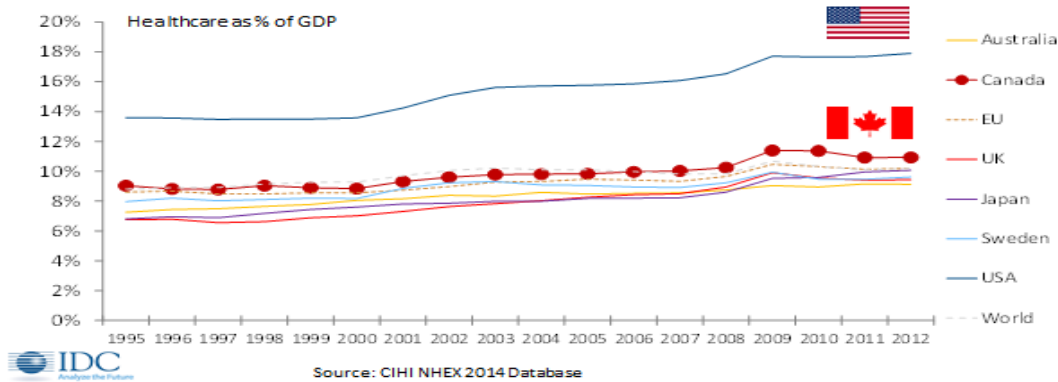

contributed \$525 million to charities  
and over 8.7 million volunteer hours

# Darren Entwistle on Health

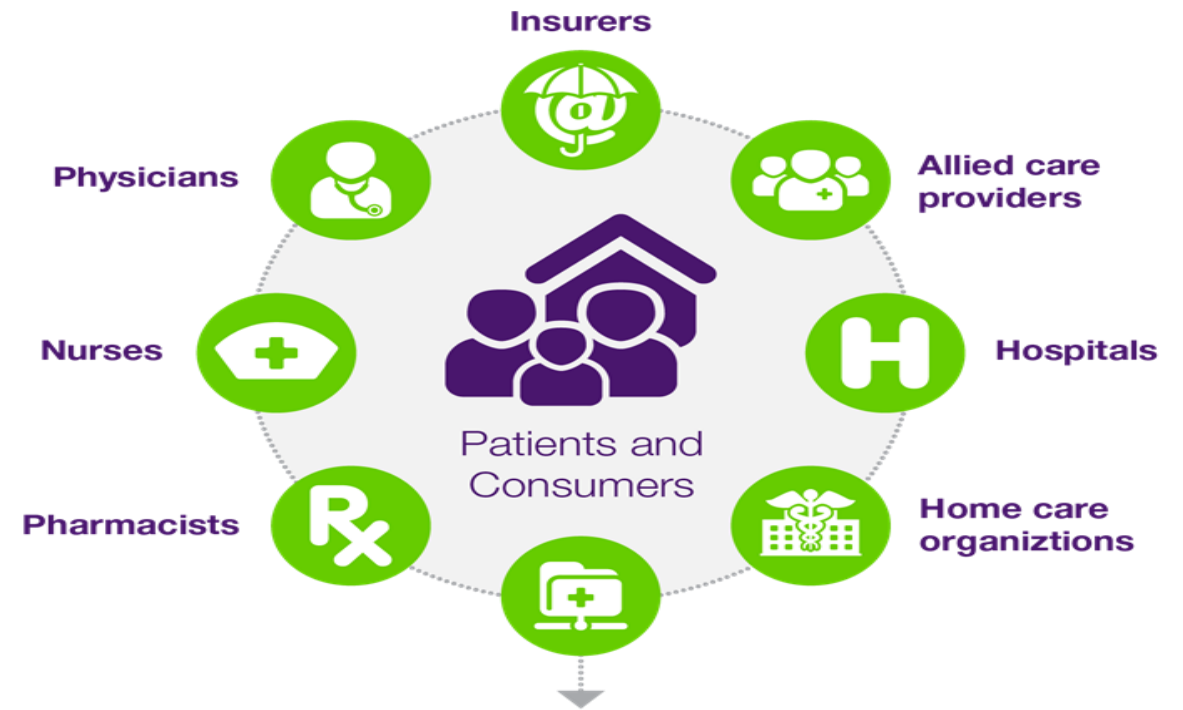

# Digital Health - An Unprecedented Opportunity

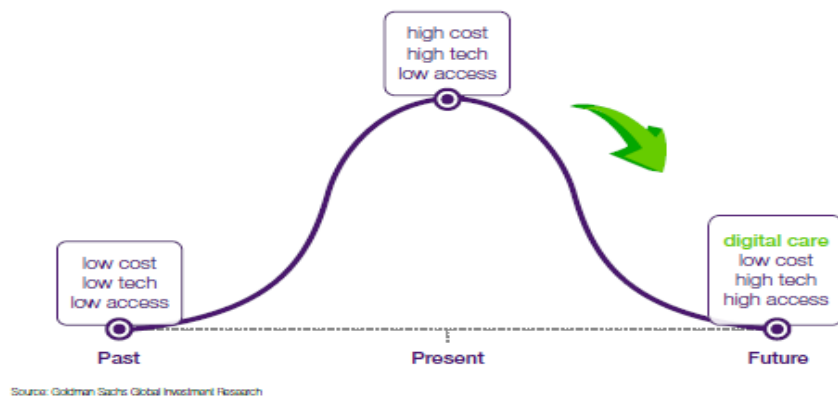

## Economic impacts of Healthcare are Significant

## Many carriers are passive participants

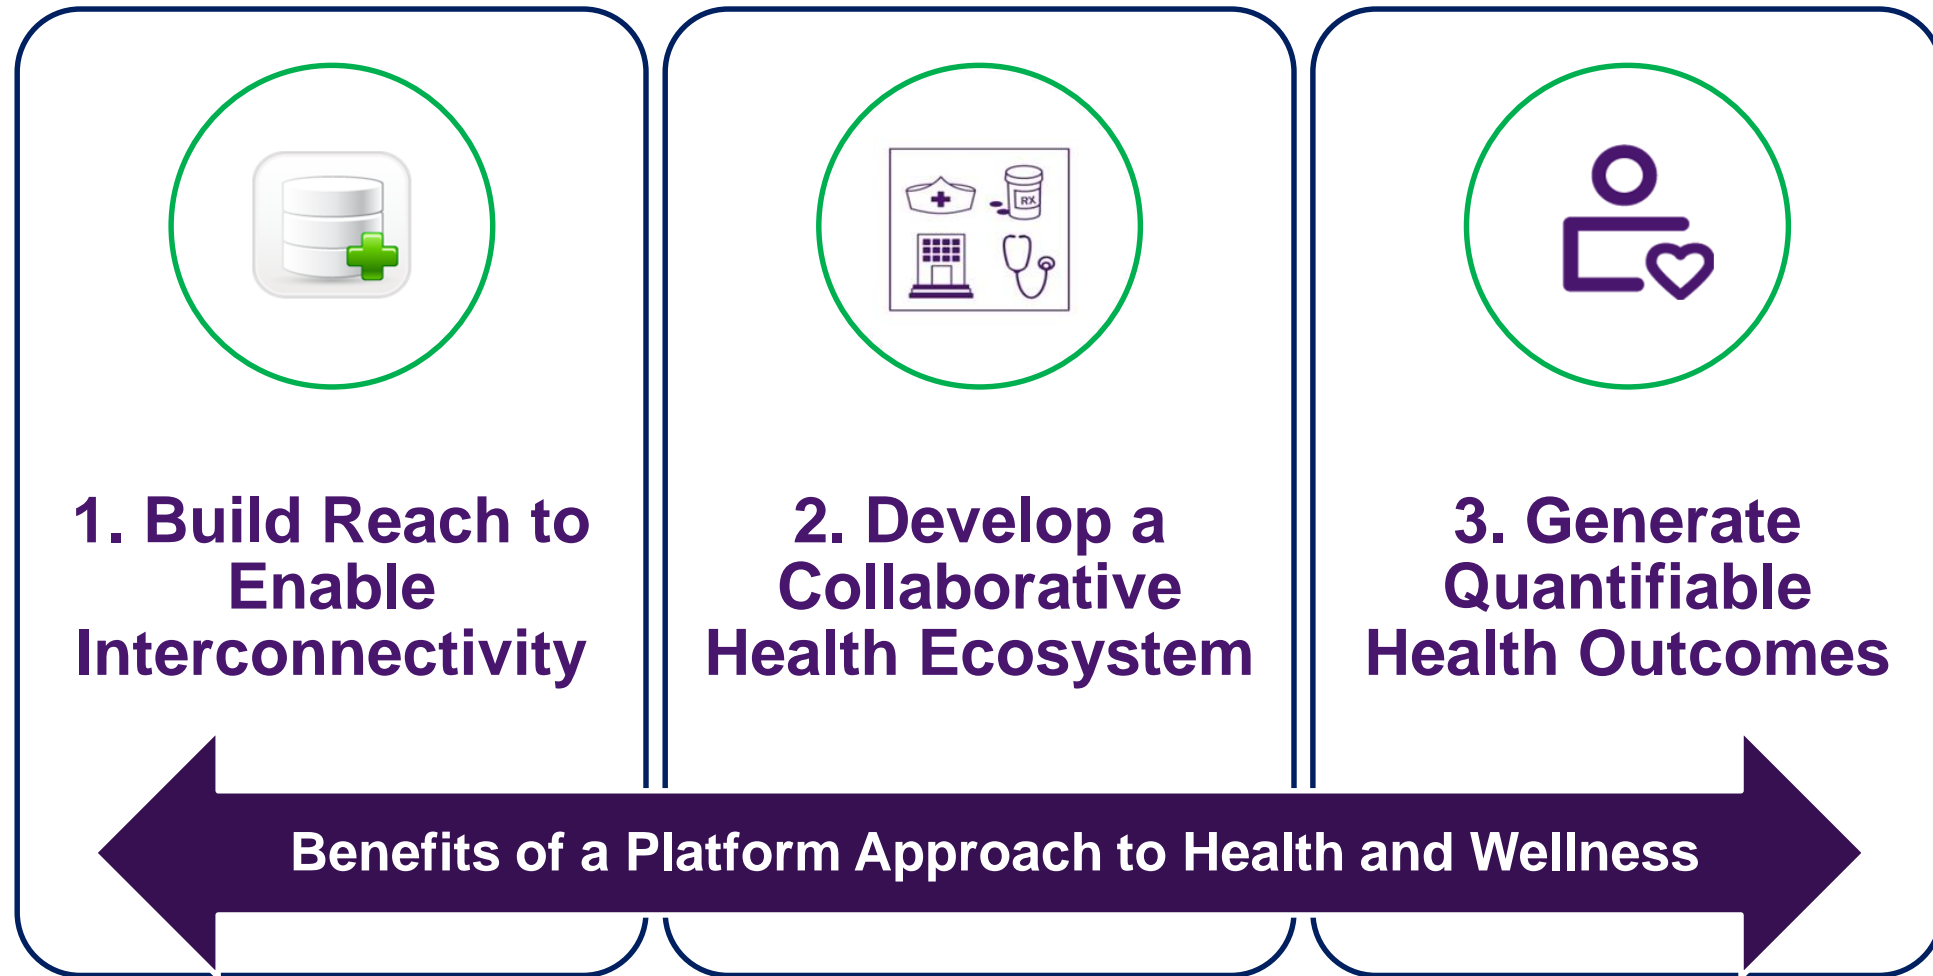

## Disruptive Innovation in Healthcare is here

Connected by broadband networks,  
data centers and machine-to-  
machine connectivity

Carriers are well-positioned to drive new and sustained efficiencies from the health content they already carry through a collaborative shaping of the ecosystem

# TELUS in Health – a proven 3-Step Strategy

# TELUS Health - Delivering results over 10 years
